AT SEATTLE  
CLERK U.S. DISTRICT COURT  
WESTERN DISTRICT OF WASHINGTON  
BY DEPUTY

In the Matter of the Search of  
(Briefly describe the property to be searched  
or identify the person by name and address)  
In the Matter of the Use of a Cell-Site Simulator to  
Locate Target Telephone A

Case No.

MJ19-208

## APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property (identify the person or describe the property to be searched and give its location):

Target Telephone A, See Attachment A

located in the Western District of Washington, there is now concealed (identify the person or describe the property to be seized):

See Attachment B, incorporated herein by reference.

The basis for the search under Fed. R. Crim. P. 41(c) is (check one or more):

- ☒ evidence of a crime;  
☒ contraband, fruits of crime, or other items illegally possessed;  
☒ property designed for use, intended for use, or used in committing a crime;  
☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of:

Code Section

21 U.S.C. §§ 841, 843, 846

Offense Description

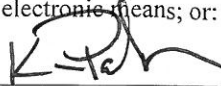

Violations of the Controlled Substances Act, Conspiracy

The application is based on these facts:

☒ See Affidavit of Kevin Palermo in Support of an Application for a Search Warrant. To ensure technical compliance with the Pen Register Statute, 18 U.S.C. §§ 3121-3127, this warrant also functions as a pen register order. See Attachment C for AUSA Certification.

☒ Delayed notice of 90 days (give exact ending date if more than 30 days: 08/12/2019) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

Pursuant to Fed. R. Crim. P. 4.1, this warrant is presented: ☐ by reliable electronic means; or: ☐ telephonically recorded.

Applicant's signature

Kevin Palermo, Special Agent DEA

Printed name and title

- ☒ The foregoing affidavit was sworn to before me and signed in my presence, or  
☐ The above-named agent provided a sworn statement attesting to the truth of the foregoing affidavit by telephone.

Date: 05/14/2019

Judge's signature

City and state: Seattle, Washington

Michelle L. Peterson, United States Magistrate Judge

Printed name and title

## ATTACHMENT A

This warrant for **Unknown Target Telephone A** authorizes the use of the electronic investigative technique described in Attachment B only when suspect **Julio Cesar Ramirez Meneses** is present.

Unless **Julio Cesar Ramirez Meneses** is in a public place, this warrant may be used only when the tracking data for cellular phone **Target Telephone 1** or **Target Vehicle 1** indicates **Julio Cesar Ramirez Meneses** is in the vicinity. Locations where the technique may be used specifically includes, but is not limited to, **11735 SE 225th Ct, Kent WA**

**ATTACHMENT B**

The “Target Cellular Device(s)” (TTA) is the cellular device or devices carried by Julio Cesar Ramirez Meneses. Pursuant to an investigation of violations of 21 USC § 841 and /or 21 USC § 846, this warrant authorizes the officers to whom it is directed to identify the Target Cellular Device(s) by collecting radio signals, including the unique identifiers, emitted by the Target Cellular Device(s) and other cellular devices in its vicinity for a period of thirty days, during all times of day and night.

Absent further order of a court, law enforcement will make no affirmative investigative use of any identifiers collected from cellular devices other than the Target Cellular Device(s), except to identify the Target Cellular Device(s) and distinguish it from the other cellular devices. Once investigators ascertain the identity of the Target Cellular Device(s), they will end the collection, and any information collected concerning cellular devices other than the Target Cellular Device(s) will be deleted.

This warrant does not authorize the interception of any telephone calls, text messages, or other electronic communications, and this warrant prohibits the seizure of any tangible property. The Court finds reasonable necessity for the use of the technique authorized above. *See* 18 U.S.C. § 3103a(b)(2).

ATTACHMENT C

Declaration

I, Vincent T. Lombardi, do declare and say:

I am a duly appointed Assistant United States Attorney for the Western District of Washington, and I have primary responsibility for representing the interests of the United States herein.

To ensure technical compliance with the Pen Register Statute, 18 U.S.C. §§ 3121-3127, this warrant also functions as a pen register order. Consistent with the requirement for an application for a pen register order, I certify that the information likely to be obtained is relevant to an ongoing criminal investigation being conducted by DEA. See 18 U.S.C. §§ 3122(b), 3123(b).

I declare under penalty of perjury that the Application is made on the basis of information officially furnished, and on that basis I verily believe such information to be true.

DATED this 14th day of May, 2019.

  
\_\_\_\_\_  
VINCENT T. LOMBARDI  
Assistant United States Attorney

STATE OF WASHINGTON           )  
                                               )          SS  
COUNTY OF KING                 )

## I. AFFILIANT BACKGROUND

2. In my role as a Special Agent for the Drug Enforcement Administration. I have participated in narcotics investigations (i.e. heroin, cocaine, marijuana, and methamphetamine) which have resulted in the arrest of individuals and the seizure of

1 illicit narcotics and/or narcotic-related evidence and the forfeiture of narcotics related  
2 assets. I have been involved in the service of search warrants as part of these  
3 investigations. Because of my experience in serving these search warrants, I have  
4 encountered and have become familiar with various tools, methods, trends, paraphernalia  
5 and related articles utilized by various traffickers in their efforts to import, conceal, and  
6 distribute controlled substances. I am also familiar with the various methods of  
7 packaging, delivering, transferring, and laundering drug proceeds. Additionally, through  
8 my training and experience, I can identify illegal drugs by sight, odor, and texture.

9       3. I have also worked on drug investigations involving the use of court-  
10 authorized wiretaps under Title III. In that capacity, I have had the opportunity to  
11 monitor, listen to, and review transcripts and line sheets (prepared by linguists)  
12 documenting the content of hundreds of intercepted conversations involving the  
13 trafficking of cocaine, methamphetamine, heroin, and other narcotics, by persons who  
14 used some form of code to thwart law enforcement. I have also interviewed defendants at  
15 the time of their arrest and have debriefed, spoken with, and/or interviewed numerous  
16 drug dealers or confidential sources (informants) at proffer and safety valve interviews  
17 who were experienced in speaking in coded conversation over the telephone. In many of  
18 these interviews and debriefings, I was able to speak with these drug traffickers about  
19 specific conversations in which they were intercepted pursuant to electronic surveillance.  
20 From these interviews, and also from discussions with other experienced Agents, I have  
21 gained knowledge regarding the various methods, techniques, codes, and/or jargon used  
22 by drug traffickers in the course of their criminal activities, including their use of  
23 firearms to protect their narcotics related activities and of cellular telephones, other  
24 electronic means to facilitate communications while avoiding law enforcement scrutiny.

25       4. I have written affidavits in support of court authorized federal warrants and  
26 orders in the Western District of Washington for GPS tracking of telephones, search  
27 warrants, and tracking of vehicles. Additionally, I have testified in grand jury  
28 proceedings, written investigative reports, and conducted and participated in numerous

1 interviews of drug traffickers of various roles within drug organizations, which has  
 2 provided me with a greater understanding of the methods by which drug trafficking  
 3 organizations operate.

## 4 II. PURPOSE OF AFFIDAVIT

5 5. This affidavit supports applications to use three separate investigative  
 6 techniques, all intended to further an investigation of the suspected drug trafficking  
 7 activities of Julio Cesar Ramirez Meneses. First, I seek authorization to use an electronic  
 8 investigative technique to identify other cellular telephones believed to be used by  
 9 Ramirez Meneses to further his criminal activity. Second, I seek authorization to obtain  
 10 real-time location data of a known cellular telephone Ramirez Meneses has used to  
 11 further that same criminal activity. Lastly, I seek authorization to install and monitor a  
 12 tracking device on a vehicle used by Ramirez Meneses to further that same criminal  
 13 activity.

### 14 A. Search Warrant to Authorize Electronic Investigative Technique

15 6. This affidavit first supports an application for a search warrant under  
 16 Federal Rule of Criminal Procedure 41 to authorize law enforcement to employ an  
 17 electronic investigative technique, further described in Attachment B, in order to identify  
 18 the cellular phone or phones carried by Julio Cesar Ramirez Meneses (hereinafter  
 19 referred to as "**Unknown Target Telephone A**," or "**TTA**") described in Attachment A.

20 7. This Court has authority to issue the requested warrant under Federal Rule  
 21 of Criminal Procedure Rule 41(b)(1) & (2) because **Unknown Target Telephone A** is  
 22 currently believed to be located inside this District. In order to obtain additional  
 23 information relating to **Unknown Target Telephone A**, its user, and the criminal  
 24 violations under investigation, law enforcement must first identify **TTA**. There is  
 25 probable cause to believe that the use of the investigative technique described by the  
 26 warrant will result in Agents learning that identifying information.

27 8. I believe **TTA** is presently being used in the Western District of  
 28 Washington in furtherance of the following federal criminal offenses: Distribution of

1 Controlled Substances, in violation of 21 U.S.C. § 841(a)(1), and/or conspiracy to  
 2 commit that same offense in violation of 21 U.S.C. § 846. I believe that identification of  
 3 **TTA** will further the investigation of these violations.

4 9. This is the first application in this judicial District for a warrant authorizing  
 5 use of this electronic investigative technique in connection with this investigation.

6 10. Because collecting the information authorized by this warrant may fall  
 7 within the statutory definitions of a “pen register” or “trap and trace device” *see* 18  
 8 U.S.C. § 3127(3) & (4), this warrant is designed to comply with the Pen Register Statutes  
 9 as well as Rule 41. See 18 U.S.C. § § 3121-3127. This warrant therefore includes all the  
 10 information required to be included in a pen register order. See 18 U.S.C. § 3123(b)(1). I  
 11 know from my training and experience that a pen register is a device or process which  
 12 records or decodes dialing, routing, addressing, or signaling information transmitted by  
 13 an instrument or facility from which a wire or electronic communication is transmitted.  
 14 The information obtained from a pen register does not include the contents of any  
 15 communication. I know from my training and experience that a trap and trace device is a  
 16 device or process which captures the incoming electronic or other impulses which  
 17 identify the originating number or other dialing, routing, addressing, and signaling  
 18 information reasonably likely to identify the source of a wire or electronic  
 19 communication, provided, however, that such information does not include the contents  
 20 of any communication.

21 **B. Search Warrant to Authorize Real-Time Location Tracking of Target**  
 22 **Telephone**

23 11. This affidavit is also being submitted pursuant to Federal Rule of Criminal  
 24 Procedure 41 and 18 U.S.C. § 2703(c)(1)(A) in support of an application for a warrant  
 25 authorizing the real-time location tracking of the following Target Telephone:

26 a. **Target Telephone 1**, with number **(425) 523-2163** and IMSI  
 27 310150719065288 (hereinafter “**TT1**”) with service provided by AT&T. AT&T  
 28 provided “Julio Ramirez” as the subscriber for **TT1** at “16256 MILITARY RD S,

1 SEATAC, WA 98188.” According to AT&T, **TT1** was activated on 03/30/2019.<sup>1</sup> **TT1** is  
2 believed to be utilized by Julio Cesar Ramirez Meneses (hereinafter Ramirez Meneses)

3 12. As set forth below, **TT1** has been used to arrange a number of controlled  
4 buys from Ramirez Meneses, and there is probable cause to believe that Ramirez  
5 Meneses continues to use **TT1** in furtherance of the same type of criminal activity.  
6 Authority to conduct real-time location tracking is requested not only with respect to the  
7 Target Telephone number, but to any changed telephone number subsequently assigned  
8 to the telephone bearing the IMSI, ESN, or IMEI number for the Target Telephone, or to  
9 any cellular telephone bearing a different IMSI, ESN, or IMEI number but using the same  
10 telephone number currently assigned to the Target Telephone.

11 **C. Search Warrant to Authorize Real-Time Tracking of a Target Vehicle**

12 13. Lastly this Affidavit is also submitted for the purpose of establishing  
13 probable cause to support a tracking warrant authorizing the continued monitoring, as  
14 described below, of a tracking device on the following vehicle:

15 a. **Target Vehicle 1:** A 2012 Silver Mazda 3 bearing Washington VIN  
16 **JM1BL1VG9C1507151** (also referred to herein as “**TV1**”). According to Washington  
17 Department of Licensing (DOL), **TV1** is registered to “G & S AUTO SALES LLC”, at  
18 9611 Portland Ave E, Tacoma, WA.

19 14. Like **TT1**, **TV1** has been used to deliver controlled substances as part of a  
20 controlled buy, and there is probable cause that **TTA**, **TT1** and **TV1** will continue to be  
21 used, in the Western District of Washington in furtherance of the following federal  
22 criminal offenses: Distribution of Controlled Substances, in violation of 21 U.S.C.  
23 § 841(a)(1), and/or conspiracy to commit that same offense in violation of 21 U.S.C. §  
24 846.

25 \_\_\_\_\_  
26 <sup>1</sup> **TT1** with the same listed phone number as above, was previously serviced by T-Mobile. From 03/24/2019 to  
27 03/30/2019, the phone had an IMSI of 310260356071189. During that period, T-Mobile provided “Ulises Resendiz”  
28 as the subscriber for **TT1** at “4722 SOUTHCENTER BLVD APT C203 TUKWILA WA 98188-2369”. As further  
explained herein, Agents believe Ramirez Meneses has been utilizing the phone while it was previously subscribed  
with T-Mobile and presently subscribed with AT&T.

1        15. Further, there is probable cause to believe that discovering **TTA** and the  
 2 tracking of **TT1** and **TV1** will lead to evidence, fruits, and instrumentalities of the  
 3 aforementioned crimes, as well as to the identification of individuals who are engaged in  
 4 the commission of those and related crimes.

5        16. With respect to the vehicle tracking warrant, I request authorization to:

6            a. install, remove, monitor, repair, or adjust an electronic tracking  
 7 device on or within **TV1** at any time of the day or night;

8            b. if necessary to protect the safety of persons installing, removing,  
 9 monitoring, repairing, or adjusting the electronic tracking device, or to protect the  
 10 integrity of the investigation, surreptitiously enter **TV1** at any time of the day or  
 11 night, and move **TV1** from one location to another for the purpose of installing,  
 12 removing, monitoring, repairing, or adjusting the device;

13            c. surreptitiously re-enter **TV1** at any time of the day or night, for the  
 14 purpose of installing, removing, monitoring repairing, or adjusting the device; and

15            d. continuously monitor any and all signals emitted from the device,  
 16 including when the vehicles enter any structure or private property in which there  
 17 may be a reasonable expectation of privacy.

18        17. Because this affidavit is being submitted for the limited purpose of  
 19 obtaining authorization for a search warrant permitting the use of the investigative  
 20 technique targeted at **TTA**, and to obtain tracking warrants for **TT1** and **TV1**, I have not  
 21 included every fact known to me concerning this investigation. Rather, I have set forth  
 22 only the facts that I believe are necessary for a fair determination of probable cause to  
 23 issue the requested warrants.

### 24                                    **III. SOURCES OF INFORMATION**

25        18. I have obtained the facts set forth in this affidavit through my personal  
 26 participation in the investigation described below; from oral and written reports of other  
 27 law enforcement officers; and from records, documents and other evidence obtained  
 28 during this investigation. I have obtained and read official reports prepared by law

1 enforcement officers participating in this investigation and in other investigations by the  
 2 DEA. When I refer to registration records for vehicles, I am relying on records obtained  
 3 from the Washington State Department of Licensing (DOL). Insofar as I have included  
 4 event times in this affidavit, those event times are approximate.

#### 5 IV. PROBABLE CAUSE

##### 6 A. First Controlled Purchase from Ramirez Meneses and State Tracking 7 Warrant for Ramirez Meneses' vehicle

8 19. During March 2019, a confidential source (CS1) informed Agents<sup>2</sup> she/he  
 9 made contact with a new narcotics dealer named "Cesar" via phone, using telephone  
 10 number 253-981-2156. CS1 stated she/he was given telephone number, 253-981-2156,  
 11 from a known contact in Mexico. CS1 informed Agents she/he was in contact with  
 12 "Cesar" utilizing the aforementioned telephone number and during CS1's interactions  
 13 with "Cesar", "Cesar" instructed CS1 to call him anytime she/he needed narcotics and if  
 14 she/he needed a larger amount of narcotics to allow a few hours and he could deliver it.  
 15 As set forth below, "Cesar" was later identified as Ramirez-Meneses.

16 20. CS1 was previously arrested on a state narcotics violation and is  
 17 cooperating with agents under an active cooperation agreement with the Seattle Police  
 18 Department in exchange for charging considerations. In addition to the more recent  
 19 narcotics arrest, a criminal history check revealed CS1 has a history, which includes two  
 20 felony narcotics convictions. CS1 also has arrests/convictions for obstructing a Law  
 21 Enforcement Officer (resulted in a conviction), controlled substance felony (no charges  
 22 filed), reckless burning (gross misdemeanor conviction), disorderly conduct  
 23 (misdemeanor conviction), reckless driving (gross misdemeanor conviction), driving  
 24 while license suspended (dismissed), and possession of burglary tools (citation).

---

25  
 26  
 27 <sup>2</sup> When I use the term "Agents" throughout the affidavit I am referring to Law Enforcement personnel, to include,  
 28 but not limited to DEA Special Agents and Task Force Officers; Seattle Police Sergeants, Detectives and Officers;  
 FBI Agents and Task Force Officers, Snohomish Regional Drug and Gang Task Force Detectives, etc.

1           21. During that same month, CS1 met with Agents and was as instructed to  
2 contact Cesar via cellular phone and attempt to arrange a purchase of methamphetamine.  
3 Agents observed CS1 dialing Cesar's cellular phone, 253-981-2156, from her/his cellular  
4 phone and placing the call on speaker so Agents could listen. When CS1 made the call, a  
5 male answered and began speaking; the conversation occurred in Spanish.<sup>3</sup>

6           22. After the call ended, CS1 informed Agents that Cesar agreed to sell an  
7 amount of methamphetamine and meet at a known spot in South King County in 35  
8 minutes. Per policy and procedure, CS1 and her/his vehicle were searched for narcotics,  
9 paraphernalia, currency and weapons. CS1 had currency, which was counted and secured  
10 in an agent's undercover vehicle. CS1 and her/his vehicle were otherwise free from the  
11 listed items. CS1 was then given pre-recorded buy money for the controlled buy.

12           23. Agents followed CS1 to the meet location. Approximately 45 minutes later  
13 Surveillance Agents advised they had observed a Hispanic male subject, late identified  
14 via as Ramirez Meneses, walking towards to CS1's vehicle. Agents stated Ramirez  
15 Meneses was seen driving a dark green over gold Kia minivan bearing Oregon license  
16 plates 218JZD. Ramirez Meneses walked directly to CS1's vehicle and entered the front  
17 passenger seat. Approximately 3 minutes later Ramirez Meneses exited CS1's vehicle  
18 and walked directly back to the listed Kia minivan.

19           24. Following the meet CS1 was followed to a pre-determined meet location.  
20 Once at the meet location, CS1 handed Agents a clear plastic bag containing suspected  
21 methamphetamine, a small bag containing suspected heroin, and the remaining pre-  
22 recorded buy money. Agents conducted a search of CS1's vehicle and a search of CS1's  
23 person for narcotics, paraphernalia, weapons and currency. CS1's person and vehicle  
24 were free of the listed items. CS1 explained to Agents she/he met with the individual CS1  
25 knew as Cesar and described him as a Hispanic male, in his 30's, medium build, dark  
26

---

27 <sup>3</sup> The precise date and time of this transaction and the other controlled buys described herein are known to me.  
28 However, those details are omitted herein to protect CS1's identity.

1 colored hair and a partial beard. CS1 was then released from the area. Agents later field  
2 tested the methamphetamine purchased that day with positive results for  
3 methamphetamine<sup>4</sup>.

4 25. Based on the above listed facts Agents completed a vehicle GPS warrant  
5 for the Kia minivan bearing Oregon registration 218JZD. The warrant was reviewed by  
6 King County Deputy Prosecuting attorney Margo Martin. On March 27, 2019, the  
7 warrant was reviewed and signed by King County Superior Court Judge Marshall  
8 Ferguson. That same evening the vehicle GPS tracker was installed on the listed vehicle  
9 at a public place in South King County.

10 **B. Second Controlled Purchase from Ramirez Meneses**

11 26. Approximately one and a half weeks later during that same month CS1 met  
12 with Agents and was as instructed to contact Cesar via cellular phone and attempt to  
13 arrange a purchase of methamphetamine. CS1 attempted to call the number, which was  
14 used during the first controlled buy, 253-981-2156, but received an automated recording  
15 the number was no longer in service. CS1 then contacted her/his known source in  
16 Mexico and asked for Caesar's new number. CS1 was then sent a text from Mexico for  
17 an updated number for Caesar, 425-523-2163 (TT1).

18 27. Similarly to the first controlled purchase, Agents observed CS1 dialing  
19 Cesar's cellular phone, 425-523-2163 (TT1), from her/his cellular phone and placing the  
20 call on speaker so Agents could listen. When CS1 made the call, a male answered and  
21 began speaking; the conversation occurred in Spanish.

22 28. After the call ended, CS1 informed Agents that Cesar agreed to sell an  
23 amount of methamphetamine and meet at a known spot in South King County in 15  
24 minutes. Per policy and procedure, CS1 and her/his vehicle were searched for narcotics,  
25 paraphernalia, currency and weapons. CS1 had currency, which was counted and secured  
26

27  
28 <sup>4</sup> The quantity of suspected heroin was too small to effectively field test.

1 in an agent's undercover vehicle. CS1 and her/his vehicle were otherwise free from the  
2 listed items. CS1 was then given pre-recorded buy money for the controlled buy.

3 29. Agents followed CS1 to the meet location. Approximately 25 minutes  
4 later surveillance Agents advised they had observed a Hispanic male subject, later  
5 identified as Ramirez Meneses, walking towards to CS1's vehicle. Agents stated  
6 Ramirez Meneses was seen driving a dark green over gold Kia minivan bearing Oregon  
7 license plates 218JZD. Ramirez Meneses walked directly to CS1's vehicle and entered  
8 the front passenger seat. Approximately 5 minutes later Ramirez Meneses exited CS1's  
9 vehicle and walked directly back to the listed Kia minivan. With the assistance of the  
10 vehicle GPS, Agents followed the listed Kia Mini Van. The Kia drove directly to a cul-  
11 de-sac in Kent WA and was later observed parked into front of 11735 SE 225<sup>th</sup> Ct, Kent  
12 WA.

13 30. Following the meet CS1 was followed to a pre-determined meet location.  
14 Once at the meet location CS1 handed Agents a clear plastic bag containing suspected  
15 methamphetamine, a small bag containing suspected heroin, and the remaining pre-  
16 recorded buy money. Agents conducted a search of CS1's vehicle and a search of CS1's  
17 person for narcotics, paraphernalia, weapons and currency. CS1's person and vehicle  
18 were free of the listed items. CS1 explained to Agents she/he met with the same  
19 individual as the first controlled purchase. Agents later field tested the narcotics  
20 purchased that day with positive results for methamphetamine. Again, the heroin was not  
21 field tested due to its small quantity.

22 **C. Identification of Ramirez Meneses**

23 31. On April 11, 2019, Agents conducted surveillance on Ramirez Meneses,  
24 aided by court authorized electronic tracking of the Kia minivan. At approximately 3:35  
25 p.m. agents confirmed Ramirez Meneses was driving the Kia minivan when it was  
26 located in Kent Washington. Surveillance units remained with the Kia minivan  
27 throughout the duration of the surveillance. At approximately 6:00 p.m. electronic  
28 tracking of the Kia minivan indicated it was traveling north on 515/405.

32. At approximately 7:00 p.m., the Kia minivan stopped at a McDonalds located at 4020 Colby Ave, Everett, Washington. Agents observed the Kia minivan parked at the south end of the parking lot. At approximately 7:03 p.m., agents observed an individual enter the front passenger seat of the Kia minivan and meet for a short period with Ramirez Meneses. One-minute later agents observed the individual exit the minivan and return to his vehicle, both vehicles then departed the area. Surveillance units remained with the Kia minivan.

33. The Kia minivan was followed to the area of 607 SE Everett Mall Way, Everett. Agents observed Ramirez Meneses meet a different individual outside of the Kia minivan for a short time. The two engaged in conversation for several minutes. After which, the parties separated with Ramirez Meneses entering the Mobil gas station then returning to the Kia minivan and departing.

34. Agents contacted Seattle PD North Anti-Crime Team members to conduct a traffic stop of the Kia minivan to identify Ramirez Meneses<sup>5</sup>. At approximately 7:40 p.m., members of Seattle PD North ACT conducted a traffic stop of the Kia minivan. During the stop, Ramirez Meneses provided officers a Mexican Passport as a form of identification. The passport identified the holder as Julio Cesar Ramirez Meneses, born in 1988 in Nayarit, Sinaloa.

35. Following the traffic stop physical surveillance was terminated for the evening. Later that evening, CS1 was shown the photo on the Passport Ramirez Meneses provided to officers. CS1 confirmed the individual in the photo (Ramirez Meneses) was the individual he/she was buying narcotics from and known to CS1 as Caesar.

**A. Third Controlled Purchase from Ramirez Meneses**

36. In late April 2019, Agents met with (CS1) and instructed CS1 to contact Ramirez Meneses via cellular telephone and attempt to arrange a purchase of methamphetamine. CS1 called TT1 and placed the call on speaker so Agents could listen

---

<sup>5</sup> Until this point in the investigation Ramirez Meneses had been known only as "Caesar" and was not identified fully.

1 and record the conversation. When CS1 first attempted the call, no one answered. Almost  
2 immediately thereafter, Ramirez Meneses returned the call to CS1 using **TT1**.

3 37. Again, CS1 placed the call on speakerphone so Agents could listen and  
4 record the conversation; the conversation occurred in Spanish. CS1 informed Agent s/he  
5 discussed with Ramirez Meneses the opportunity to purchase methamphetamine and  
6 where they would meet. After a brief conversation, CS1 and Ramirez Meneses agreed to  
7 speak again in a moment. Approximately one minute later CS1 called Ramirez Meneses  
8 on **TT1** and placed the call on speakerphone so Agents could listen and record the  
9 conversation; the conversation occurred in Spanish. During the call, the parties agreed to  
10 meet at Northgate Mall. CS1 asked to purchase four ounces of methamphetamine and  
11 was told by Ramirez Meneses it would cost \$350.00. They agreed to speak again when  
12 they were both near Northgate Mall.

13 38. That same date at approximately 11:03 a.m. Agents observed, via court  
14 authorized GPS tracking and electronic surveillance, the Kia minivan was parked outside  
15 11735 SE 225th Ct, Kent WA. Based on these observations Agents established  
16 surveillance in Kent Washington near 11735 SE 225th Ct, Kent WA.

17 39. At approximately 11:42 a.m., Agents observed, via a camera, Ramirez  
18 Meneses come from the area of the front door of 11735 SE 225th Ct, Kent WA, carrying  
19 what appeared to be a small object in his left hand and enter the Kia minivan. Ramirez  
20 Meneses was seen leaving 11735 SE 225th Ct, Kent WA in the Kia minivan. Shortly  
21 thereafter, he was seen on camera returning home at approximately 11:46 a.m. and  
22 walked towards the front entrance of 11735 SE 225th Ct, Kent WA. Surveillance Agents  
23 had set up surveillance just outside the immediate neighborhood of the Kent residence  
24 and did not see the Kia minivan leave the area. At 11:49 a.m. Agents observed Ramirez  
25 Meneses exit the area of the front door of 11735 SE 225th Ct, Kent WA, carrying a  
26 plastic bag, enter the Kia minivan and depart.

27 40. At approximately 12:24 p.m., CS1 was directed by Agents to contact  
28 Ramirez Meneses. CS1 called Ramirez Meneses on **TT1** and placed the call on

1 speakerphone so Agents could listen and record the conversation; the conversation  
2 occurred in Spanish. In summary, CS1 and Ramirez Meneses agreed to meet near the Red  
3 Robin at Northgate Mall.

4 41. CS1 and her/his vehicle were searched for narcotics, paraphernalia,  
5 currency and weapons. CS1 had currency, which was counted and secured in Det.  
6 Spaulding's undercover vehicle. CS1 and her/his vehicle were otherwise free from the  
7 listed items. CS1 was given pre-recorded buy money for the controlled buy. Agents  
8 followed CS1 to the meet location.

9 42. At approximately 12:38 p.m., Agents observed the Kia minivan parked next  
10 to CS1's vehicle. Ramirez Meneses was observed by Agents exiting the Kia minivan and  
11 entering the front passenger seat of CS1's vehicle. Ramirez Meneses remained in the  
12 vehicle for a short period. Ramirez Meneses exited CS1's vehicle, returned to the Kia  
13 minivan and departed the area.

14 43. CS1 was followed to a pre-determined meet location. Once at the meet  
15 location, CS1 provided Agents a red electronic scale box containing suspected  
16 methamphetamine (including the small sample discussed in the next paragraph) and the  
17 remaining pre-recorded buy money. Agents conducted a search of CS1's vehicle and  
18 Agents conducted a search of CS1's person for narcotics, paraphernalia, weapons and  
19 currency. CS1's person and vehicle were free of the listed items.

20 44. In summary, CS1 informed Agents when Ramirez Meneses entered CS1's  
21 vehicle he showed the narcotics to CS1 and gave CS1 a small sample of additional  
22 methamphetamine. While together, CS1 (at the direction of Agents) inquired about  
23 purchasing an additional two (2) pounds of methamphetamine within the next hour from  
24 Ramirez Meneses. Ramirez Meneses informed CS1 it would cost \$2,600.00 a pound for  
25 a total of \$5,200.00. Ramirez Meneses further explained he had to go to Kent to pick up  
26 the narcotics for CS1, however he first had to go to Kenmore to deliver a pound he  
27 (Ramirez Meneses) had on him currently. The parties agreed to meet later and Ramirez  
28 would call CS1 in about an hour.

1           45. Utilizing GPS tracking and mobile surveillance the Kia minivan was  
2 followed from Northgate Mall to a trailer park located at/near 7021 NE 181st St,  
3 Kenmore, WA. The Kia minivan arrived at the trailer park at approximately 1:00 p.m. At  
4 approximately 1:20 p.m., the Kia minivan departed the area of the trailer park. At about  
5 the same time the Kia minivan departed, CS1 received a phone call from Ramirez  
6 Meneses from **TT1**. In summary, Ramirez Meneses told CS1 the customer he was going  
7 to meet was not ready and he (Ramirez Meneses) could deliver the one pound of  
8 methamphetamine to CS1 now. CS1 told Ramirez Meneses he/she needed both – as in  
9 he/she needed the two pounds of methamphetamine together. Ramirez Meneses told CS1  
10 he would have to go get the other pound and would meet CS1 back near the mall.

11           46. The Kia minivan was followed back to 11735 SE 225th Ct, Kent WA  
12 where it arrived at approximately 2:15 p.m. Agents observed, via electronic surveillance,  
13 Ramirez Meneses exit the Kia minivan and approach the front door of 11735 SE 225th  
14 Ct, Kent WA. At approximately 2:20 p.m., at the direction of Agents, CS1 called  
15 Ramirez Meneses on **TT1** and placed the call on speakerphone so Agents could listen and  
16 record the conversation; the conversation occurred in Spanish. During the call, CS1 stated  
17 he/she had the money and was ready to meet. Ramirez Meneses responded he was picking  
18 up the narcotics right now and would get the car and meet CS1 at the mall. After the  
19 conversation ended Ramirez Meneses sent CS1 a text message. The text message  
20 contained a screen shot of a map from Ramirez Meneses' location to Northgate Mall.  
21 From the photo, Agents were able to determine the "Your Location" was in the area of  
22 Ramirez Meneses' residence.

23           47. At approximately 2:30 p.m., Agents observed Ramirez Meneses approach  
24 the Kia minivan, carrying a red bag, from the front door area of 11735 SE 225th Ct, Kent  
25 WA. Shortly thereafter, the Kia minivan departed from 11735 SE 225th Ct, Kent WA;  
26 mobile surveillance was conducted on the Kia minivan.  
27  
28

1        48. CS1 was provided pre-recorded buy money for the controlled buy and was  
2 followed to the meet location by Agents<sup>6</sup>. At approximately 3:39 p.m., Agents observed  
3 the Kia minivan park next to CS1's vehicle. Ramirez Meneses exited the Kia minivan  
4 and entered CS1's vehicle. Ramirez Meneses remained in the vehicle a short time, exited  
5 CS1's vehicle, and returned to the Kia minivan. As he was exiting, Agents observed  
6 Ramirez Meneses holding a red bag similar to the one observed on electronic surveillance  
7 as Ramirez Meneses was leaving 11735 SE 225th Ct, Kent WA. The Kia minivan  
8 departed and was followed to a different area of Northgate Mall where it remained until  
9 about 4:06 p.m.

10       49. CS1 was followed to a pre-determined meet location. Once at the meet  
11 location, CS1 provided Agents two clear Tupperware containers with red lids containing  
12 suspected methamphetamine. Agents conducted a search of CS1's vehicle and a search of  
13 CS1's person for narcotics, paraphernalia, weapons and currency. CS1's person and  
14 vehicle were free of the listed items. Agents later field tested the all the narcotics  
15 purchased that day with positive results for methamphetamine.

16       50. In summary, CS1 informed Agents that Ramirez Meneses entered the  
17 vehicle with a red bag. Ramirez Meneses opened the bag and produced three clear  
18 Tupperware containers containing suspected methamphetamine and told CS1 to pick two.  
19 CS1 provided the money to Ramirez Meneses who began to count it. After counting  
20 approximately half the money Ramirez Meneses exited.

21 **E. Fourth Controlled Purchase from Ramirez Meneses**

22       51. On May 2, 2019, at approximately 9:00 a.m., Agents established  
23 surveillance at 11735 SE 225th Ct, Kent Washington. Earlier that same day, utilizing  
24 electronic surveillance, Agents observed a silver sedan parked where the aforementioned  
25

---

26  
27 <sup>6</sup> CS1 and their vehicle was searched after the first controlled purchase on this date in April and CS1 remained with  
28 Agents during the entirety of the operation. Therefore, it was deemed unnecessary to again search his/her person and  
vehicle prior to conducting the second controlled purchase.

1 Kia minivan, which had been previously utilized by Ramirez Meneses had parked. At  
2 approximately 10:40 a.m., Agents identified the vehicle parked at the residence as a silver  
3 Mazda 3 (TV1) with no visible registration. Simultaneously, Agents observed Ramirez  
4 Meneses driving TV1 as it departed his residence. Agents attempted to conduct mobile  
5 surveillance but were unable to do so.

6 52. On May 4, 2019, Agents met with a CS1 and instructed CS1 to contact  
7 Ramirez Meneses via cellular telephone on TT1 to attempt to arrange a purchase of 25  
8 grams of heroin. Prior to meeting with agents CS1 had received text messages from  
9 Ramirez Meneses. In summary, Ramirez Meneses texted CS1 his/her order had arrived  
10 and to tell him (Ramirez Meneses) where to meet and "I'm ready" or words to that effect.  
11 CS1, at the direction of Agents, texted Ramirez Meneses to meet him/her near the Bank  
12 of America at Northgate Mall at 2:30 p.m. that day. Ramirez Meneses responded "ok I'm  
13 ready" or words to that effect. Simultaneously Agents established surveillance in the area  
14 of the Bank of America at Northgate Mall in preparation for the deal.

15 53. Per procedure, CS1 and her/his vehicle were searched for narcotics,  
16 paraphernalia, currency and weapons. CS1 had currency, which was counted and secured  
17 in Agents' undercover vehicle. CS1 and her/his vehicle were free from the listed items.  
18 CS1 was given pre-recorded buy money for the controlled buy. Agents followed CS1 to  
19 the meet location.

20 54. At 2:20 p.m., Ramirez Meneses texted CS1 he was looking for the bank. At  
21 approximately 2:22 p.m., Agents observed a Silver Mazda 3 (TV1) with no visible  
22 registration in the parking lot of Bank of America. As TV1 drove by one of the  
23 surveillance Agents, he was able to confirm that RAMIREZ Meneses was the driver of the  
24 TV1. At approximately 2:26 p.m., Ramirez Meneses repositioned TV1 next to CS1's  
25 vehicle. Agents observed Ramirez Meneses exit TV1 and access the trunk. After  
26 accessing the trunk, Ramirez Meneses was in possession of a white plastic bag that  
27 appeared to have a box inside it. Ramirez Meneses entered CS1's vehicle and CS1 moved  
28 his/her vehicle to a different area of the parking lot as directed by Agents.

1           55. While CS1 and Ramirez Meneses were in CS1's vehicle, Agents were able  
2 to photograph the VIN and Temporary license plate of **TV1**. The VIN of **TV1** was  
3 observed as JM1BL1VG9C1507151 and the temporary plate was E9693510. A DOL  
4 inquiry showed the VIN registered to G&S Auto Sales Inc. out of Tacoma.

5           56. Shortly thereafter, Ramirez Meneses and CS1 returned to **TV1**. Ramirez  
6 Meneses exited CS1's vehicle and accessed the trunk of **TV1**. Agents observed Ramirez  
7 Meneses placing a white USPS or FedEx box into the trunk. Ramirez Meneses then  
8 accessed the front passenger side of **TV1** and removed a small item, placed it in his  
9 pocket and returned to CS1's vehicle. CS1 moved his/her vehicle to a different area of the  
10 parking lot as directed by Agents. A short time later, CS1's vehicle returned to **TV1**.  
11 Ramirez Meneses entered **TV1** and departed the area.

12           57. CS1 was followed to a pre-determined meet location. Once at the meet  
13 location CS1 provided Agents with a box containing suspected heroin. Per policy and  
14 procedure, Agents conducted a search of CS1's vehicle and a search of CS1's person for  
15 narcotics, paraphernalia, weapons and currency. CS1's person and vehicle were free of  
16 the listed items.

17           58. In summary, CS1 informed Agents Ramirez Meneses entered his/her  
18 vehicle with a white postal box. Ramirez Meneses showed CS1 four cylindrical objects,  
19 believed to be 1 kilogram each, of heroin inside the box. Ramirez Meneses unwrapped  
20 one of the suspected kilograms of heroin to take a sample of heroin for CS1. While  
21 Ramirez Meneses was unwrapping the kilogram, CS1 observed it was wrapped in what  
22 he believed to be cellophane, grease, foil, x-ray paper, and petroleum jelly.<sup>7</sup> Once  
23 Ramirez Meneses was finished showing the kilograms to CS1 the pair returned to **TV1**  
24  
25  
26

27 <sup>7</sup> I know, based on my training and experience, that wholesale amounts of heroin is often smuggled into the United  
28 States packaged in this fashion, in the belief that it will defeat law enforcement detection by drug K9s and other  
methods.

1 so Ramirez Meneses could obtain a scale. Ramirez Meneses then broke off a piece of the  
2 heroin and weighed it for CS1.

3 59. Based on my training and experience, tracking data, and my observations,  
4 of Ramirez Meneses, the Kia minivan, and **TV1**; I believe Ramirez Meneses is currently  
5 residing at 11735 SE 225<sup>th</sup> Ct, Kent WA, and currently driving **TV1** as a vehicle and  
6 using **TT1** to facilitate his narcotics trafficking activities.

7 60. Furthermore, based on my training and experience, and the training and  
8 experience of other investigators more senior than I, I know it is common for narcotics  
9 traffickers to utilize more than one phone. At times, narcotics traffickers will utilize  
10 separate phones to keep communications with sources of supply and downstream  
11 customers separate. I also know traffickers will often change phones for multiple reasons  
12 which include attempts to frustrate law enforcement, and be able to quickly “drop” a  
13 phone and still be able to communicate with members of their organization. Moreover, I  
14 know it is common for drug traffickers, no matter their level or role in an organization, to  
15 possess and utilize multiple phones to conduct illicit narcotics activities. Here, Ramirez  
16 Meneses has already changed phone numbers once during this investigation, with that  
17 change occurred in less than two weeks from the first communication made by CS1.  
18 Additionally, the carrier for TT1 has also been changed during this investigation.

19 61. In my experience, drug traffickers frequently make use of cellular  
20 telephones to arrange their drug transactions. These telephones are frequently pre-paid  
21 cellular telephones. Drug traffickers frequently provide little or no identifying  
22 information to the phone company. What information is provided is frequently false.  
23 Drug traffickers often discontinue the use of these cellular telephones on a frequent basis  
24 in order to thwart law enforcement efforts at detection.

25 62. Based on my training and experience I also know that narcotics traffickers  
26 invariably require vehicles in the day to day operation of the distribution of narcotics and  
27 disposition of the proceeds of narcotics. Further, I know that sophisticated traffickers  
28 engage in activities to thwart law enforcement. This includes the use of counter-

1 surveillance driving, as well as the frequent switching, or trading out of vehicles. During  
2 my observations of this organization, including both physical and electronic surveillance,  
3 I have observed traffickers make use of circuitous routes, unexplained stops, and other  
4 actions consistent with counter-surveillance. I believe the description provided herein of  
5 the use of TV1 by this DTO is consistent with the activities of narcotics traffickers' use  
6 of vehicles.

7 63. It is also my experience vehicle and telephone location data is useful in  
8 corroborating movements of targets, especially suspected drug traffickers. When used in  
9 conjunction with physical surveillance, telephone and vehicle location data is useful to  
10 identify vehicles, locations, and individuals involved in ongoing drug trafficking  
11 schemes. Additionally, telephone and vehicle location data can show that a target  
12 telephone is used by a particular individual by connecting physical surveillance of that  
13 individual with evidence of the vehicle and telephone's use. Telephone and vehicle  
14 location data therefore often provides evidence utilized in the seizure of narcotics and the  
15 fruits and instrumentalities of narcotics trafficking.

16 64. Use of the vehicle tracking device and tracking the target telephone will  
17 allow the affiant and surveillance team members to observe the target and his associates  
18 in a safe manner while still developing investigative material. In that vein, the tracking  
19 device will allow the affiant and other agents to monitor the movements of the target and  
20 his associates for a period of time. This will continue to assist the affiant and other  
21 investigators in identifying stash houses used to store currency, drugs, and other illegal  
22 contraband, and to identify additional individuals involved in this ongoing criminal  
23 activity.

#### 24 V. AUTHORIZATION REQUEST FOR SPECIAL TECHNIQUE

25 65. Based on the foregoing, I request that the Court also issue the proposed  
26 search warrant authorizing the use of the investigative technique described in Attachment  
27 A, pursuant to Federal Rule of Criminal Procedure 41. The proposed search warrant also  
28 will function as a pen register order under 18 U.S.C. § 3123.

1           66. Again, I know, based on my training and experience, and the training and  
2 experience of investigators more senior than I, that experienced and sophisticated drug  
3 traffickers like Julio Cesar Ramirez Meneses use multiple cellular phones to conduct their  
4 business, and often change phones in an attempt to frustrate law enforcement. While we  
5 have identified phones for Ramirez Meneses, there is probable cause to believe that he is  
6 also using one or more additional cellular phones to conduct his drug and/or money  
7 laundering activities. Use of this technique will likely permit investigators to identify  
8 these additional, currently unknown phones.

9           67. To facilitate execution of this warrant, law enforcement may use an  
10 investigative device that sends signals to nearby cellular devices, including **Target**  
11 **Telephone A**, and in reply, the nearby cellular devices will broadcast signals that include  
12 their unique identifiers. The investigative device may function in some respects like a  
13 cellular tower, except that it will not be connected to the cellular network and cannot be  
14 used by a cell to communicate with others. Law enforcement will use this investigative  
15 device when they have reason to believe that Ramirez Meneses is present. Law  
16 enforcement will collect the identifiers emitted by cellular devices in the immediate  
17 vicinity of the **Target Telephone A** when the subject is in multiple locations and/or  
18 multiple times at a common location and use this information to identify **Target**  
19 **Telephone A** as only the **Target Telephone A's** unique identifiers will be present in all  
20 or nearly all locations as Ramirez Meneses. Once investigators ascertain the identity of  
21 the **Target Telephone A**, they will cease using the investigative technique. Because  
22 there is probable cause to determine the identity of **Target Telephone A** there is probable  
23 cause to use the investigative technique described by the warrant to determine the identity  
24 of **Target Telephone A**

25           68. The investigative device may interrupt cellular service of cellular devices  
26 within its immediate vicinity. Any service disruption will be brief and temporary, and all  
27 operations will attempt to limit interference with other cellular devices. Once law  
28 enforcement has identified **Target Telephone A** it will delete all information concerning

1 non-targeted cellular devices. Absent further order of the court, law enforcement will  
2 make no investigative use of information concerning non-targeted cellular devices other  
3 than to distinguish **Target Telephone A** from all other devices.

4 69. I further request that the Court authorize execution of the warrant at any  
5 time of day or night, owing to the potential need to identify **Target Telephone A** outside  
6 of daytime hours.

7 70. I further request, pursuant to 18 U.S.C. § 3103a(b) and Federal Rule of  
8 Criminal Procedure 41(f)(3), that the Court authorize the officer executing the warrant to  
9 delay notice until 90 days after the collection authorized by the warrant has been  
10 completed. This delay is justified because there is reasonable cause to believe that  
11 providing immediate notification of the warrant may have an adverse result, as defined in  
12 18 U.S.C. § 2705. Providing immediate notice to the person carrying **Target Telephone**  
13 **A** would seriously jeopardize the ongoing investigation, as such as a disclosure would  
14 give that person an opportunity to destroy evidence, change patterns of behavior, notify  
15 confederates, and flee from prosecution. *See* 18 U.S.C. § 3103a(b)(1). There is  
16 reasonable necessity for the use of the technique described above, for the reasons set  
17 forth above. *See* 18 U.S.C. § 3103a(b)(2).

18 71. I further request that the Court order that all papers in support of this  
19 application, including the affidavit and search warrant, be sealed until further order of the  
20 Court. These documents discuss an ongoing criminal investigation that is neither public  
21 nor known to all the targets of this investigation. If prematurely disclosed to the public,  
22 notice to the holder of **Target Telephone A** could result in the target's flight from  
23 prosecution, destruction of or tampering with evidence, intimidation or retaliation against  
24 potential witnesses, and could otherwise seriously jeopardize the ongoing investigation.  
25 Accordingly, there is good cause to seal these documents because their premature  
26 disclosure may seriously jeopardize the investigation.

1        72. A search warrant may not be legally necessary to compel the investigative  
 2 technique described herein. Nevertheless, I hereby submit this warrant application out of  
 3 an abundance of caution.

4                                    **VI. REQUEST FOR SEALING**

5        73. Based upon my knowledge, training, and experience, it is my belief that the  
 6 information contained in this affidavit, application, and tracking warrant, if prematurely  
 7 disclosed to the public, could result in the target's flight from prosecution, destruction of  
 8 or tampering with evidence, intimidation or retaliation against potential witnesses, and  
 9 could otherwise seriously jeopardize the ongoing investigation. Therefore, I request that  
 10 this affidavit be sealed, and that notice required by Fed. R. Crim. P. 41(f) be delayed for  
 11 up to ninety (90) days after expiration of the tracking warrant, or any extension thereof,  
 12 in accordance with Title 18, United States Code 3103a(b). If necessary, I may request  
 13 that the Court, upon a showing of good cause, order a further adjournment of the time  
 14 permitted to serve notice, if necessary to protect the safety of any individual, avoid flight  
 15 or destruction of evidence, and ensure that the investigation is not jeopardized prior to its  
 16 completion.

17  
 18 

19 Kevin Palermo  
 20 Special Agent  
 21 Drug Enforcement Administration

22 SUBSCRIBED AND SWORN before me this 14<sup>th</sup> day of May, 2019.

23  
 24  
 25  
 26 

27 THE HON. MICHELLE L. PETERSON  
 28 United States Magistrate Judge
